## 2ND (BLOOM) TERM 2011 – 2012 SESSION NEWSLETTER

### APPRECIATION

We give glory to God for His faithfulness, loving-kindness and attendant mercy grace and help throughout this term.

As a School, we are forever mindful of the fact that God has established us, to raise a generation, that will shed abroad God's power and light, to the nation. We are therefore grateful to you parents for teaming with and supporting us, as you pay your children's fees promptly, and up to date.

### ACTIVITIES REPORT

This term, our Grade level pupils were involved in activities that preserved the past, captured the present and inspired the future. From Drama presentations that depicted Nigeria's rich culture of local festivals to learning about the Aborigines of Australia. Pupils were also involved in current "Healthy Living Issues" as well as Debates about "The current fuel subsidy removal and future Rising Oil Prices"

Activities in Nursery and Prep Grade section were also very thrilling eventful and impactful. Pupils had Bible and Character Moral lessons on the story of Nicodemus (Nick by Nite), the story of Gehazi (Greedy Gehazi) apart from Science and Health topics on "Floating and Sinking", "Stop those germs" and "Safety in School" just to mention a few.

The "Cream" of all activities this term was our Health and Open Day.

We have amongst you Health Professionals, Doctors, Nurses, Laboratory Scientists, Optometrists, who gave of their personal attention, keen support and selfless contribution counting immensely towards making the programme a resounding success. We indeed pray for all, that the Lord will continue to bless and prosper you, granting you Godly wisdom, favour and skill in your professions and all you lay your hands unto in Jesus name.

Parents were able to avail themselves of professional medical advice as they visited the School that day (using one stone to kill two birds) as they checked out their children's academic work as well as general family well being and fitness.

On the 17<sup>th</sup> of February, we had a visit from the Nigeria Police Force, Oyo State Headquarters.

The Inspector General of Police sent the PPRO to give a talk on security as well as creating an awareness to the Pupils that the police are actually our friends.

During the program, pupils were encouraged to master their parents mobile phone numbers for security purposes.

'Please as a school, we implore all parents to make sure that their children master their phone numbers. It is in your own best interest as the police emphasized.

### HIGH SCHOOL ENTRANCE EXAMS

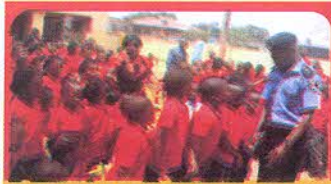

The Highly Competitive Lifeforte International High School Entrance Examination took place this term in our centers in Nigeria and the United Kingdom. Students seeking admission came from as far away as Ukraine

Our Star Candidate and Winner of the 2012 HRH Kamoru and Olori Taiwo Sansi Annual Scholaship Award for Academic Excellence goes to our very own pupil Master Israel Chidera Akubueze, who receives full academic Scholarship for O' level studies in Lifeforte International High School.

We first of all want to thank all our parents with pupils in the graduating class (Grade 5\_\_\_year 6), for
