

# GRADE 7

## PRE-HIGH STUDENTS GOING TO GRADE 7

### 1. STEM CLUB

Students are to prepare a power point presentation on any of the following key areas related to the natural environment:

Pollution	Waste Management	Renewable Energy	Climate Change
-----------	------------------	------------------	----------------

The power point should highlight:-

1. The relevance of the selected topic to our community.
2. The negative effects of the topic selected on our community.
2. Your suggestions and solutions to overcome the negative effects of the topic selected.

The community you use as your example could be your community, town, or city, school or a group of people large or small.

Prepare a power point presentation. Print out and submit on resumption.

### 2. CREATIVE WRITING

“I LOVE MY DAD” & “I LOVE MY MUM” PRESENTATION

ASSIGNMENT INSTRUCTIONS: WRITE AN ESSAY OR TELL A STORY

1. TELL A STORY OF YOUR RELATIONSHIP WITH YOUR DAD IF YOU ARE A FEMALE STUDENT OR A STORY OF YOUR RELATIONSHIP WITH YOUR MOM IF YOU ARE A MALE STUDENT. SUBMIT ON RESUMPTION TO SCHOOL.

### 3. LEARNING IS FUN!

Watch either of the movies:

-**Willy Wonka and the Chocolate Factory**, and write on what you learnt about business activities  
OR

-**Mega Mind**, and write on ‘How good always prevails over evil.’

SUBMIT YOUR WRITE-UP ON RESUMPTION.

### GRADE 7 GOING TO GRADE 8

	WEEK 1 1 to 5/8/22	WEEK 2 8 to 12/8/22	WEEK 3 15 to 19/8/22	WEEK 4 22 to 26/8/22
Monday	MATHS	MATHS	MATHS	MATHS
Tuesday	ENGLISH	ENGLISH	ENGLISH	ENGLISH
Wednesday	PHYSICS	CHEMISTRY	BIOLOGY	BUS STUDIES
Thursday	FRENCH	HISTORY	GEOGRAPHY	COMPUTER SCIENCE
Friday (Club Activities)	CLUB 2020	YOUNG ENTREPRENEURS	CODING CLUB	Art/Craft/Cooking/Music

#### A. SUBJECT ASSIGNMENTS

You are to attend the Seneca online virtual classes and conduct the exercises and assignments created. We have prepared a timetable (above) over the summer school assignment period to systematize the work to be done. The log-in details have been handed over to you and an email will also be sent with your results with the log in details.

Have fun.

#### B. CLUB ACTIVITIES AND OUT-OF-CLASS PROJECTS

COMPULSORY FOR GRADE 7 GOING TO GRADE 8

1. CLUB 2020 Prepare and print out a PowerPoint presentation on SDG 10, stating the aim and giving your innovative solution to solve/fulfill SDG 10.

2. YOUNG ENTREPRENEURS CLUB (Waste to wealth)

Research/Brainstorm and propose an innovative product from environmental waste that can be converted into an item to be sold for profit. Detail how the product will be made in a PowerPoint presentation and print out for submission on resumption ( research the internet for ideas).

# GRADE 8

## 3. CODING CLUB

### ANNOUNCES APP INVENTOR SUMMER BOOTCAMP

#### OPEN TO:

GRADE 7 STUDENTS GOING TO GRADE 8

GRADE 8 STUDENTS GOING TO GRADE 9

App Inventor is cloud-based service that allows you to make your own mobile apps using a blocks-based programming language.

#### OBJECTIVES OF APP INVENTOR SUMMER BOOTCAMP

1. AT THE END OF THIS BOOTCAMP YOU SHOULD BE ABLE TO CREATE AN ACCOUNT ON APP INVENTOR
2. FAMILIARIZE YOURSELF WITH THE DESIGN AND BLOCK INTERFACE OF APP INVENTORS
3. SUCCESSFULLY CREATE AN EDUCATIONAL FLASHCARDS APP

#### LOGIN INSTRUCTIONS

Using your school provided Email: (\*\*\*\*\*@lifeforte.com) and Password: Surname\*\*\*\*\*

Follow the steps below:

1. Open your Browser (preferably Google Chrome)
2. Type classroom.google.com
3. Click on "Go to Google Classroom"
4. Type your Email address, Click Next
5. Type your password , Click Next
6. Click on STEM CLUB (APP INVENTOR) Classroom
7. Click on the classwork tab to view available assessment

# GRADE 9

GRADE 8 GOING TO 9 TIMETABLE

	WEEK 1 1 to 5/8/22	WEEK 2 8 to 12/8/22	WEEK 3 15 to 19/8/22	WEEK 4 22 to 26/8/22
Monday	MATHS	MATHS	MATHS	MATHS
Tuesday	ENGLISH	ENGLISH	ENGLISH	ENGLISH
Wednesday	PHYSICS	CHEMISTRY	BIOLOGY	BUS STUDIES
Thursday	FRENCH	HISTORY	GEOGRAPHY	COMPUTER SCIENCE
Friday (Club Activities)	CLUB 2020	YOUNG ENTREPRENEURS	CODING <u>CULB</u>	Art/Craft/Cooking/Music

## A. SUBJECT ASSIGNMENTS

You are to attend the Seneca online virtual classes and conduct the exercises and assignments created. We have prepared a timetable (above) over the summer school assignment period to systematise the work.

Have fun.

## B. CLUB ACTIVITIES AND OUT-OF-CLASS PROJECTS

COMPULSORY FOR GRADE 8 GOING TO GRADE 9

1. CLUB 2020 Prepare and upload a PowerPoint presentation on SDG 11, stating the aim and giving your innovative solution to solve/fulfil the SDG.
2. YOUNG ENTREPRENEURS CLUB

## WHAT MAKES A BUSINESS SUCCESSFUL ?

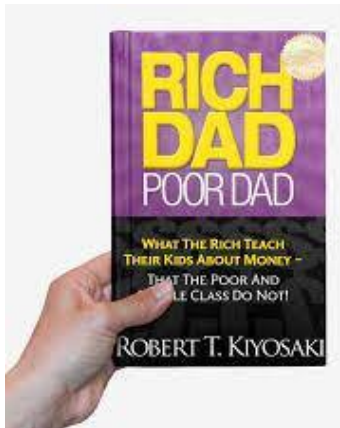

THE STORY OF .....

Select a company from the list of Fortune 500 companies.

Research its history and do a write-up of what factors you think contributed to the success of this Company.

Create a PowerPoint presentation to include pictures and graphs and save to a flash which you will submit on resumption.

E.g. THE STORY OF COCA-COLA OR READ THE BOOK

AND WRITE AN ESSAY OF A MINIMUM OF 300 WORDS ON "WHAT LESSONS YOU LEARNT ON HOW TO START, RUN AND ESTABLISH A SUCCESSFUL BUSINESS".

Type it and put on flash drive, you submit on resumption.

### 3. CODING CLUB

ANNOUNCES APP INVENTOR SUMMER BOOTCAMP

OPEN TO:

GRADE 7 STUDENTS GOING TO GRADE 8

GRADE 8 STUDENTS GOING TO GRADE 9

App Inventor is cloud-based service that allows you to make your own mobile apps using a blocks-based programming language.

#### OBJECTIVES OF APP INVENTOR SUMMER BOOTCAMP

1. AT THE END OF THIS BOOTCAMP YOU SHOULD BE ABLE TO CREATE AN ACCOUNT ON APP INVENTOR
2. FAMILIARIZE YOURSELF WITH THE DESIGN AND BLOCK INTERFACE OF APP INVENTORS
3. SUCCESSFULLY CREATE AN EDUCATIONAL FLASHCARDS APP

#### LOGIN INSTRUCTIONS

Using your school-provided Email: (\*\*\*\*\*@lifeforte.com) and Password: Surname\*\*\*\*\*

Follow the steps below:

1. Open your Browser (preferably Google Chrome)
2. Type classroom.google.com

# GRADE 9

1. Click on “Go to Google Classroom”
2. Type your Email address, Click Next
3. Type your password, Click Next
4. Click on STEM CLUB (APP INVENTOR) Classroom
5. Click on the classwork tab to view available assessment

## OPTION ACTIVITY: SELECT ANY ONE OF THE FOLLOWING ACTIVITIES

### 4. ARTS AND CRAFTS CLUB: PROJECT

Design a logo page for “Lifeforte News” and submit it on resumption which if selected will now be used as the official logo of “Lifeforte News” for the new session 2022/2023.

### 5. DESIGN CLUB:

LEARN HOW TO REUSE WASTE SHOE BOXES INTO INNOVATIVE PRODUCTS AND MAKE ONE PRODUCT FOR US TO SEE.

<https://www.youtube.com/watch?v=mBdbllSLjnY&feature=youtu.be>

\* Bring your project to school when resuming.

6. MUSIC CLUB: Either compose a song or an instrumental of 2 to 3 minutes that can be used as the theme song which if selected will be used as the official “Lifeforte News” intro for the new academic year 2022/2023

\* Record your song or instrumental and upload it in a flash.

## A. SUBJECT ASSIGNMENTS

Dear Students,

### Welcome to Grade 10.

For your summer holiday assignments, we have prepared a set of introductory and start-off lessons for each Cambridge subject in Grade 10.

This is to give you the opportunity to engage in the subjects and assist you in making the decision to select a subject for senior school.

We suggest you attend and listen to at least 12 subject lessons over the holiday period.

However, please note that this is not conclusive. You will still be expected to make a binding decision on your subject selection on commencement of school in September based on school requirements.

### SENECA LEARNING

As part of these introductory and start-off lessons, we have sent you a link to Seneca learning which is an online revision and learning platform. We advise you to make maximum use of this learning platform. Research has found out that students learn 2x faster using Seneca compared to textbooks.

### Subjects Not on Seneca

The following subjects are not on the Seneca learning platform (Economics, Accounts, Christian Religious Studies, Additional Mathematics). However, a link will be sent to you to access introductory and start-off "videos" for your use.

# GRADE 10

## TIMETABLE

We have also prepared a timetable (above) over the holiday period to systematise the work. Consequently, each week has a list of subjects scheduled for you to be engaged in. Have fun.

## B. CLUB ACTIVITIES AND OUT-OF-CLASS PROJECTS

### ALL ARE COMPULSORY

#### 1. YOUR CAREER CHOICE

Create a presentation on your career choice. You have the choice to create an animation using powtoon (<https://www.powtoon.com/?locale=en>)

#### ABOUT POWTOON

1. POWTOON IS A SELF-EXPLANATORY ANIMATION-CREATING WEBSITE.
2. YOU CAN EASILY CREATE ANIMATIONS AND VIDEOS OF YOUR IMAGINATIVE CHOICE WITH THE AID OF TUTORIALS AND HELP TIPS.
3. ALL YOU NEED IS TO SIGN UP WITH YOUR GOOGLE MAIL AND CREATE ANIMATIONS FROM YOUR WORKSPACE
4. THERE ARE READY-MADE TEMPLATES FOR YOU TO BUILD ON.
5. AFTER SUCCESSFULLY CREATING AN ANIMATION
6. UPLOAD YOUR ANIMATION INTO A FLASH AND SUBMIT ON RESUMPTION

OR

Write an essay between 300-500 words on your career choice. It should include;

1. Why you chose that career.
2. What you plan to achieve with this career choice

Your work should be printed and submitted on resumption to school.

#### 2. YOUNG ENTREPRENEURS CLUB.

The Apprentice Martha Stewart S01E01

A spin-off of the Donald Trump Apprentice reality series in which 16 contestants compete for a job in Martha Stewart's organization.

Tasks revolve around Stewart's areas of expertise in media, culinary arts, entertaining, decorating, crafts, design, merchandising, and style.

<https://youtu.be/IIK-HMGgCsl>

Watch This Video and Comment On The Following:-

1. List the traits the winning team exhibited that worked for them during their challenge.
2. List the traits that the losing team exhibited that worked against them during their challenge.

# GRADE 10

3. WHAT WERE THE MISTAKES JEFF MADE THAT WARRANTED HIS BEING SENT HOME?
4. UPLOAD YOUR WRITE-UP INTO A POWER POINT AND PUT IT ON A FLASH DRIVE FOR SUBMISSION ON RESUMPTION IN SCHOOL

### 3. STEM CLUB

ENVIRONMENT PROJECT.

TAKING A CUE FROM THE “**YOUR WORLD COMPETITION**” AND THE THEME “**NATURAL ENVIRONMENT**”

STUDENTS ARE TO PREPARE POWERPOINT PRESENTATION ON ANY OF THE FOLLOWING KEY AREAS RELATED TO THE NATURAL ENVIRONMENT:

Green Power	Rainwater Harvesting	Energy Conservation	Renewable Energy
Pollution	Waste Management	Greenhouse effect	Climate Change

THE POWER POINT SHOULD HIGHLIGHT:-

1. THE RELEVANCE OF THE SELECTED TOPIC TO OUR COMMUNITY.
2. THE NEGATIVE EFFECTS OF THE TOPIC SELECTED ON OUR COMMUNITY.
2. YOUR SUGGESTIONS AND SOLUTIONS TO OVERCOME THE NEGATIVE EFFECTS OF THE TOPIC SELECTED.

THE COMMUNITY YOU USE AS YOUR EXAMPLE COULD BE YOUR COMMUNITY, TOWN, OR CITY, SCHOOL OR A GROUP OF PEOPLE LARGE OR SMALL.

PREPARE A POWER POINT PRESENTATION. PRINT OUT AND SUBMIT ON RESUMPTION.

### C. OPTION ACTIVITY

LIFEFORTE STEM CLUB  
ANNOUNCES APP INVENTOR SUMMER BOOTCAMP

OPEN TO:

- GRADE 7 STUDENTS GOING TO GRADE 8
- GRADE 8 STUDENTS GOING TO GRADE 9
- GRADE 9 STUDENTS GOING TO GRADE 10

APP INVENTOR IS CLOUD-BASED SERVICE THAT ALLOWS YOU TO MAKE YOUR OWN MOBILE APPS USING A BLOCKS-BASED PROGRAMMING LANGUAGE.

# GRADE 10

## OBJECTIVES OF APP INVENTOR SUMMER BOOTCAMP

1. AT THE END OF THIS BOOTCAMP YOU SHOULD BE ABLE TO CREATE AN ACCOUNT ON APP INVENTOR
2. FAMILIARIZE YOURSELF WITH THE DESIGN AND BLOCK INTERFACE OF APP INVENTORS
3. SUCCESSFULLY CREATE AN EDUCATIONAL FLASHCARDS APP

## LOGIN INSTRUCTIONS

USING YOUR SCHOOL PROVIDED EMAIL: (\*\*\*\*\*@LIFEFORTE.COM) AND PASSWORD: SURNAME\*\*\*\*\*

### FOLLOW THE STEPS BELOW:

- OPEN YOUR BROWSER (PREFERABLY GOOGLE CHROME)
- TYPE CLASSROOM.GOOGLE.COM
- CLICK ON "GO TO GOOGLE CLASSROOM"
- TYPE YOUR EMAIL ADDRESS, CLICK NEXT
- TYPE YOUR PASSWORD , CLICK NEXT
- CLICK ON STEM CLUB (APP INVENTOR) CLASSROOM
- CLICK ON THE CLASSWORK TAB TO VIEW AVAILABLE ASSESSMENT

### A. SUBJECT ASSIGNMENTS

You are to attend the Seneca online virtual classes and conduct the exercises and assignments created. We have prepared a timetable (above) over the summer school assignment period to systematise the work.  
Have fun.

### B. CLUB ACTIVITIES AND OUT-OF-CLASS PROJECTS

COMPULSORY FOR GRADE 10 GOING TO GRADE 11

1. CODING CLUB - CISCO ACADEMY

Liforte Tech Hub  
ANNOUNCES PYTHON SUMMER BOOTCAMP

OPEN TO:  
GRADE 10 STUDENTS GOING TO GRADE 11  
GRADE 11 STUDENTS GOING TO GRADE 12

# GRADE 11

The CISCO Academy online platform will provide a self-led learning environment during the holidays where students can be engaged and monitored to acquire the needed knowledge to be innovative.

The self-led training is designed to run for a recommended period of 1 hour daily during the holidays.

The PYTHON SUMMER BOOTCAMP provides students with the opportunity to either complete or rerun their Python tutorial classes.

The students will use the provided email and password to the CISCO Netacad online platform (<https://www.netacad.com/>) to run the self-paced interactive training programme in the python programming language.

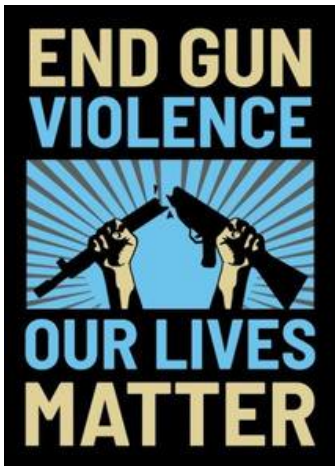

The log-in details and instructions to run the self-led learning will be given to the students which will be sent along with the Harvest results.

TECHNICAL SUPPORT SERVICES will be provided to help resolve any difficulties experienced by the students (either learning or application challenges) through Google Classroom. Students are expected to accept the invitation from LF PYTHON SUMMER BOOTCAMP in Google Classroom.

Use your school-provided Email: (\*\*\*\*\*@lifeforte.com) and Password: Surname\*\*\*\*\* to login to [classroom.google.com](https://classroom.google.com)

## OPTION ACTIVITY : SELECT ANY FOUR OF THE FOLLOWING ACTIVITIES

### 1. CREATIVE WRITING CLUB

What images, emotions or thoughts come to mind when you think of the trending hashtag “#EndGunViolence”

What is this?

The phrase "End Gun Violence" can refer to a Twitter hashtag, a slogan, a social movement, or a loose confederation of groups advocating for justice.

You are to write a short story or a poem or an essay on “#ENDGUNVIOLENCE” (300-500 words).

Submit on resumption.

### 2. LITERARY AND DEBATING CLUB :PUBLIC SPEAKING

Record a performance by you in spoken word on the hashtag “# END GUN VIOLENCE” .

Time duration: 3 minutes

Upload to your flash drive and this is expected to be turned in on resumption to school.

### 3. STEM CLUB : ROBOTICS CLUB SUMMER SCHOOL PROJECT

Design a PowerPoint presentation on

“How Robots are being used in manufacturing and production companies”

As Your Case study and Research Sample, use a manufacturing company.

The Power point presentation should be a minimum of 10 slides or maximum of 20 slides

Slide must contain at least a minimum 4 pictures and a short video to illustrate your points

Conclude your presentation with suggestions on other better ways Robots could be used in the nearest future.

All presentation must be submitted on resumption and the best 3 presentation will be showcased in School.

# GRADE 11

## 4. YOUNG ENTREPRENEURS CLUB

WATCH THIS EPISODE OF THE APPRENTICE

<https://www.dailymotion.com/video/x31hd6c>

Apprentice US Season 01 Episode 01

Episode 1, season 1 of the Apprentice USA. The first season of The Apprentice (later called The Apprentice 1) aired on NBC in the winter and spring of 2004. "The Apprentice" is a 15-episode unscripted drama in which 16 candidates from all walks of life, including both Ivy League MBA graduates and street entrepreneurs with no college education, will endure rigorous tasks each week while living together in a hip Manhattan loft apartment. The tasks will test their intelligence, chutzpah and street smarts. They will face the challenges of living in close quarters and must compete sometimes humorous but always difficult job assignments and will be forced to think outside the box in order to outshine each other to get to the top. Upon their arrival to New York City (some for the very first time), the 16 candidates will be rushed over to Trump Tower to meet with Donald Trump, the centrepiece and driving force of this series.

**Watch This Video and Comment on The Following:-**

1. List the traits the winning team exhibited that worked for them during their challenge
2. List the traits that the losing team exhibited that worked against them during their challenge
3. What were the mistakes the person sent home made that warranted his being sent home
4. From this clip, point out some business studies content/topics/ideas that you had learnt in class that was exhibited in the video.

**WRITE DOWN YOUR COMMENTS NUMBERING THEM 1 TO 4 AND SUBMIT THEM ON RESUMPTION.**

**Watch This Video and Comment on The Following:-**

**WRITE DOWN YOUR COMMENTS NUMBERING THEM 1 TO 4 AND SUBMIT ON RESUMPTION.**

## 5. DESIGN CLUB/ART & CRAFT CLUB/YOUNG ENTREPRENEURS CLUB

ZOOMED TO BILLIONS ( THE STORY OF ZOOM)

Eric Yuan is a Chinese American that migrated to the US at the age of 27 in 1997 barely able to speak English.

He was born in 1970 in Tai'an, Shandong Province of China. As at 4th grade, he was collecting construction scraps to recycle copper for cash. He had his first degree in Applied Mathematics and his Masters in Engineering. He spent 4 years working in Japan until Bill Gates went there to speak in 1994.

# GRADE 11

He decided to move to California with the little English he knew but was denied visa 8 times before the future billionaire was allowed on the 9th application to fulfil his dream in 1997.

He was good at writing codes so he spent the first several years in the US writing codes. He first worked for Webex - a videoconferencing start up until it was acquired by Cisco Systems in 2007 when he became Vice President Engineering.

He was about 17 when the idea that eventually became ZOOM came to him. He was inspired to develop videotelephony software on a 10 hour train journey to see his girlfriend. He could only see her twice in a year and he wanted an easier way to “visit” her.

In 2011 while working with Cisco, he pitched a new Smartphone friendly video conferencing system to Cisco Management but he was shot down. Cisco was hoping to compete with the FB social networking and his idea was out of place. They found out they made a huge mistake 3 years later.

Eric Yuan left Cisco to start ZOOM Video Communications in 2011. He laboured and received many rejections as he could not get any funding for the platform as they kept on telling him that ‘the market is too crowded’.

Even his wife initially questioned why he left his comfortable role in Cisco where he was already a top shot but he told her “I KNOW IT IS A LONG JOURNEY AND VERY HARD, BUT IF I DON’T TRY IT, I WILL REGRET IT’.

He changed his screensaver to “It can’t be done” in order to get provoked as he kept working.

Zoom kicked off in a crowded market but it cut a brand and a style for itself. As at 2017, Eric Yuan was everything in ZOOM. He was even in the Customer Service sending emails and receiving phone calls whilst also personally chasing after those who cancelled their subscriptions.

He is so popular with his own staff as they all gave him 99% approval rating with the outside one percent being his own self rating.

He reached the billion mark in April 2019 and still remained unknown among the Forbes top richest people. He was not even near the top 500 richest as at December 2019.

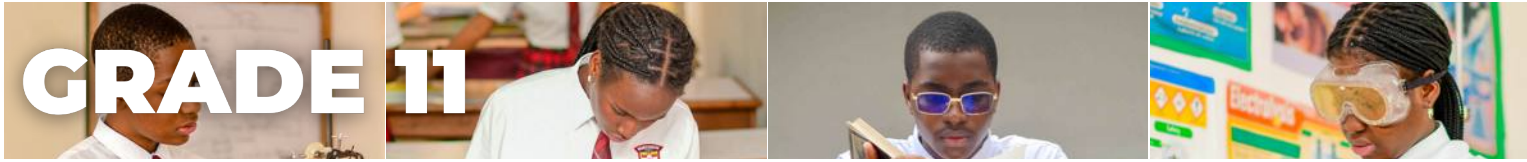

Since the pandemic began, he has gate crashed into the Forbes’ 500 richest humans landing at number 192. He is currently worth \$10-11 billion dollars.

These billions were made on the back of lockdown with many organizations and companies signing up lucrative subscriptions. Some of them include Samsung, Uber, Walmart, Capital One and etc.

Many denominations and parishes that never knew of Eric Yuan signed up for his ZOOM platform in order to continue the gospel propagation and meeting the needs of their members. We at Hope Connections are one of them.

I hope you can read in-between the texts to take something home with you.

# GRADE 11

At age 17, an idea was sown in his heart whilst trying to solve the distance problem between him and his girlfriend. When I was at that age, girlfriend or boyfriend was a sin.

To now have time dedicated to solving distance problem between me and a girlfriend was definitely impossible. Mama Deji will tell you to face your future so you can become a medical doctor.

I am not here to blame our parents. I am just here to remind someone that the idea you had to solve a problem years back can still be worked out. Just resurrect it.

Time hushpuppy and his gang spent on scamming the vulnerable one could have been diverted to writing codes.

It is shame that with all the scamming, stealing and defrauding of vulnerable people, government patronage and etc, none of them is as rich as Eric Yuan with his idea!

Eric Yuan's motto is 'Hardwork and Stay Humble'. He did not cut any corner. He did not scam. He faced his rejections squarely until he defeated them. He did not change his mind about coming to the US despite 8 times of rejection. He lost count on the number of times he was denied funding for his ZOOM idea. He did not let that deter him, he focused on it and conquered those who rejected and who are now paying to use his platform.

Ideas rule the world but unfortunately, the church is not allowing her members to make use of the ideas given to them by God or inspired by the circumstances around them.

I am sorry I mentioned the church. I blame some of us for the state of poverty of the people we attend to when we continue to organize 9am to 12noon programmes for them during weekdays when they should be looking for work or meditating on proffering solutions to the numerous problems around them.

ZOOM has 300 million meetings DAILY. Eric Yuan owns 22%, and as a church, we are subscribed to a professional platform for 500 participants paying £40 a month. That means 22% of our subscription enriches Eric Yuan who may probably not believe in what we believe.

When you look at it from my perspective, you will ask questions that I ask. Why are the best ideas in life coming from people we believe have no part in our God? Why are the wealthiest people the ones outside of faith...they don't pay tithes, they don't give any sacrificial offerings in the church, they don't 'hear' from God like we mostly say!

So sir, if you are church person with a medical background, I think it is high time we went back to God. We must be able to pray and heal or develop vaccines to cure some serious ailments.

If you are an engineer and you belong to the church, millions of ideas should be seriously buzzing in your heart now.

Seriously, if we practically follow the biblical principles, as we are discipline the nations, we should be lending to the nations also. Going by the way we 'disturb' God with our prayers, we should be the one with answers to the world problems.

# GRADE 11

Let us be the light!

## THE TASK

1. Read the story of zoom above and create a comic to illustrate this story.

or

1. Read the story of zoom above and create an interesting power point to summarize and highlight the story.

Or

1. Read the story of zoom above and write your own story of how you have an idea that can solve problems and be a lucrative business and be the next Zoom.

Make your choice, upload your task to a flash and this should be turned in on resumption to school.

### GRADE 11 GOING TO GRADE 12 TIMETABLE

	10 am -11 am	11 am - 12 pm	12 pm – 1 pm
MONDAY	MATHEMATICS	PHYSICS	ADDITIONAL MATHEMATICS / WORLD AFFAIRS
TUESDAY	MATHEMATICS	CHEMISTRY	LITERATURE
WEDNESDAY	MATHEMATICS	BIOLOGY	CRS
THURSDAY	ENGLISH	SOCIOLOGY	ECONOMICS
FRIDAY	ENGLISH	BUSINESS STUDIES	ACCOUNTS/GEOGRAPHY

### SUMMER SCHOOL LEARNING OBJECTIVE

The Summer School Assignments for Grade 12 is designed to further prepare our students for October/November Cambridge Exam, bearing in mind the exam starts early October 2022.

### SENECA LEARNING

We shall be using Seneca Learning Online Platform which is an absolutely engaging interactive learning and REVISION guide, consisting of summaries, notes, videos and practice questions. The crux of Seneca learning is that it promotes depth of learning, self-study and independent learning. Whilst giving room for the subject teacher to monitor the progress of the student and exact positive intervention when or where necessary.

### TIME TABLE

Please find above a timetable of study assignments that has been drawn up to help the students to study over the holiday period.. There would be no person-to-person classes, only self-study assignments on Seneca.

# GRADE 12

Lifeforte Tech Hub  
ANNOUNCES PYTHON SUMMER BOOTCAMP  
OPEN TO:  
GRADE 10 STUDENTS GOING TO GRADE 11  
GRADE 11 STUDENTS GOING TO GRADE 12

The CISCO Academy online platform will provide the self-led learning environment during the holidays where students can be engaged and monitored to acquire the needed knowledge to be innovative.

The self-led training is designed to run for a recommended period of 1 hour daily during the holidays.

The PYTHON SUMMER BOOTCAMP provides students the opportunity to either complete or rerun their Python tutorial classes.

The students will use the provided email and password to the CISCO Netacad online platform (<https://www.netacad.com/>) to run the self paced interactive training programme on python programming language.

The log in details and instructions to run the self-led learning will be given to the students which will be sent along with the Harvest results.

TECHNICAL SUPPORT SERVICES will be provided to help resolve any difficulties experienced by the students (either learning or application challenges) through Google Classroom.
